

A promotional image for an activewear collection. In the foreground, a woman with dark hair in a ponytail sits on a concrete ledge, wearing a black sports bra and leggings, with white socks and grey sneakers. In the background, another woman in a red sports bra and leggings is in a dynamic pose. The setting is a skatepark with concrete ramps and blue metal railings. The text 'READY TO ORDER' is in a small, white, sans-serif font. 'SUMMER 2025' is in a large, bold, white font with a blue outline. 'COLLECTION' is in a smaller, white, sans-serif font below it.

Introduction

Our Summer 2025 collection is ready to order, featuring best-selling designs and insights into top seasonal trends. Review the styles, note the codes of your favourites, choose your preferred fabric colour or print, and you're set. Each style comes in two fabric options:

- **Comfort Luxe:** Our most selected Activewear fabric. Has a cotton-like feel, moisture-wicking, and body-sculpting properties. Suitable for activities requiring flexibility, such as, low intensity workouts and everyday Athleisurewear. Similar to Lululemon's fabrics, it keeps you cool and dry.
- **Eco-Olympus:** Designed for heavy workouts, offering firm body support with Creora® Power-Fit Spandex from Korea, preferred by leading workout brands for its strong compression and support.

Both fabrics are squat-proof, body-sculpting, moisture-wicking, and soft to the touch. They are sourced from the U.S. and Korea. We offer 80 on-trend colours, ready for cutting on demand. Your custom-branded logo will be heat-pressed on the inside back of each piece.

Selecting Fabrics & Colours

All our activewear fabrics are blended with Spandex, providing varied compression and flexibility options so you can choose the best fit for each activity.

Most samples are assembled using our stock colours, allowing us to start cutting immediately after payment. Producing samples in some of our 85 trending stock colours allows you to place bulk POs in the same colours as your samples.

See the Stock [Fabrics and Colors](#).

Fabric Swatch Packs

To know the hand feel, texture, flexibility & compression of each fabric, best to purchase a fabric swatch pack. With a pack to hand, you can feel the compression & flexibility of each fabric on our website and make the correct colour choices using the corresponding laser copy colour cards. A simple, cost-effective way to be 100% clear on the fabrics we offer.

Also, you'll find a good selection of heat presses, branded elasticated jacquard, cups, wires, clips & packaging.

[Shop Fabrics Packs](#)

Note

Stock colours have no MOQ, allowing you to add more colour options to your collection. Custom colours come in 70m rolls, producing around 45 leggings and sports top sets across your collection.

Prints

If you want to include prints, it's our speciality. We digitally print on Nylon & sublimite prints on Polyester. Prints will never fade and always retain their just new look.

Learn more about our [Prints](#).

Sampling

Samples are assembled in our dedicated samples studio in plain colours only. If you'd like to make some changes to our designs, that's also possible. For example, you can adjust the height of a legging or the depth of a cleavage. All we need is a sketch and some notes. Each pattern edit costs \$30. You're also welcome to mix and match your own designs with ours.

Requesting samples

1. Add your selected codes [here](#) or send via [email](#) or [WhatsApp](#).
2. For mix-and-match or custom design requests, use front and back screenshots or clear line drawings with notes via [email](#).

Upon receipt, we will contact you. Only once we are clear on your requests will we send you a sample invoice. With payment received, on request we provide a 2D mock-up of your styles in the correct colours and or prints, allowing you to review your selections and make any adjustments before sampling begins.

Pro Tip

- Our styles are produced exactly as shown in the catalogue with your selected fabrics and colours. Many of our clients skip sampling and go straight to bulk orders, saving time and money in the sampling process.
- Get pricing sorted first thing. With prices in hand, you'll be able to estimate landed costs, helping you calculate retail prices and profit margins.
- Aim for at least a 3.5X markup on retail prices. For example, leggings that cost \$20 wholesale often retail for \$99, and sports tops or shorts at \$15 retail typically sell for \$75.

A woman is lying on her back on a grey concrete floor, wearing a blue sports bra and white leggings. Her right hand is resting on her hip. Another person is lying on their back below her, wearing blue leggings. The background is a solid teal color on the left side of the image.

Lightweight with a shelf bra for enhanced support and comfort.

Accessorizing & Branding

Activewear accessories have their limits, but adding elasticated Jacquard with your logo—like Nike’s “Just Do It” slogan and tick symbol under the bust or around the waist—will elevate any brand, making it easy for customers to recognize. Branding supports business growth, strengthens brand identity, and builds customer loyalty.

Specialty branding is handled overseas to ensure superior craftsmanship compared to local Bali suppliers. Our suppliers work with leading brands such as Lululemon, Stronger the Label, Carbon38, and P.E Nation.

For bulk orders, we apply your custom logo as a heat press on the inside back of each piece. Since this step is essential before production, we recommend organizing it during the sampling phase to avoid delays

Explore our in-stock [accessories](#).

Artwork

Artwork should be provided in Vector format in high resolution and to scale, such as EPS, PDF, CDR, or SVG. Please upload your artwork, layouts, prints, etc. via our [Tick Box Form](#) or, if you prefer, [email](#) or [WhatsApp](#). Once we receive it, we will get in touch with you.

Need help? If you require assistance with logos or layouts, members of our graphics team are available to assist you.

MOQ's

MOQ 180 pieces per purchase order:

- 30 pieces per design.
- 3 pieces per size and colour.
- Any amount of colours and sizes.

For example, 2 styles of leggings 30 shorts, and 3 types of tops.

You can also mix active with swimwear, Silk & Resort. Contact us to explore options.

Note: Our charge for 180 pieces only purchases 130 pieces with any other Bali active manufacturer.

Top-Ups

After your initial MOQ of 180 pieces, some items might sell faster, leading to SOLD-OUT on your site.

To restock, we offer a flexible top-up system.

MOQ:

- 96 pieces total
- 48 pieces per style
- 8 pieces per colour and size

Example: A mix of sports tops and leggings, 48 pieces per style, totalling 96 pieces.

Conditions: Orders must be using existing styles and colours in stock.

Placing Orders

Ordering from our ready-to-order collection is quick and simple. Add the product codes you like to [the form](#), along with your preferred fabric and colour or print. Specify the number of units per fabric, colour, print, & size.

Choose your fabrics and colours [here](#).

Have custom designs? Send clear front and back images of your shapes as screenshots or line drawings, with notes to clarify your ideas.

Upon receipt, we'll get back to you to confirm your selections and discuss payment options before we send an invoice.

Prefer a different way? You may also place orders through [email](#) or [WhatsApp](#).

Contact Us

Let's Build Your Activewear Brand

With 30+ years in the industry, we have the expertise to help you launch efficiently. Get started faster by selecting from our ready-to-order designs, featuring bestsellers and next-season trends.

Need clarity? We're here to guide you.

Brands who schedule a call-back with a sample specialist are more likely to get started faster, in a more cost effective manner. We'll discuss fabrics, colours and print options & anything else you wish to mention.
