Introduction

Our ready-to-order Summer 2025 collection brings together our best-selling designs and insight into what will continue to sell throughout the season. Once you've reviewed the styles, take note of their codes and select the fabric colour or print you'd like for production.

We priced each style two ways: In plain using **Reclaim Prime** from the US or **Vita** from Carvico in Italy, and in Digital prints in **REPREVE®** also from the US. As Reclaim Prime & Vita are virtually identical in hand feel & flexibility, it allows you to select your plain colours from either fabrics.

Fabrics are chlorine resistant, offer UPF 50+ protection, superior body-sculpting properties with a super soft hand feel.

After your order is finalized, we'll apply your custom-branded logo as a heat press on the inside back, making your collection as distinctive as any on the market.

Selecting Fabrics & Colours

We offer a wide selection of sustainable and recycled fabrics imported from Italy and the US. Available in 85+ trending colours, in stock, and ready to cut. Imported fabrics offer far better quality than what's locally available in Bali.

Note: Additional colours are available locally, known as Bali Swim colours.

Fabric Swatch Packs

To assist you in your fabric and colour selection, we've assembled a pack with one fabric swatch of each of the fabrics on our website, allowing you to know the hand feel & texture of all the fabrics we offer. Including their corresponding colour cards and a variety of premium quality accessories, most of which can be custom branded.

Stock Colours

Samples are typically crafted from our stock colours, allowing us to begin sampling as soon as we receive your payment. Opting for our stock colors also accelerates production orders, as these colors are readily available. Furthermore, stock colours have no MOQ, allowing you to add more colours to your bulk PO.

Importing Colors not in Stock

If you can't find your colours in our stocks, we import them in 70m lots. Please discuss colour and print requests before you start.

Prints

If prints are your preference, we've got you covered. We are the only company in Bali offering digital prints on Nylon. All others only offer an inferior sublimation print on Polyester.

Sampling

Samples are assembled in our dedicated samples studio in plain colours only. If you'd like to make some changes to our designs, that's also possible. For example, you can adjust the coverage of a bikini bottom, then all we require is a sketch and some notes of each edit, costing \$30 per pattern edit. You're also welcome to mix and match your own designs with ours.

Requesting samples

1. Add your selected codes [here](#) or send via [email](#) or [WhatsApp](#).
2. For mix-and-match or custom design requests, use front and back screenshots or clear line drawings with notes via [email](#).

Upon receipt, we will contact you. Only once we are clear on your requests will we send you a sample invoice. With payment received, on request we provide a 2D mock-up of your styles in the correct colours and or prints, allowing you to review your selections and make any adjustments before sampling begins.

Pro Tips

- As your selected styles are assembled exactly as shown in the catalogue in your requested fabrics and colours, many clients skip sampling and go straight to ordering bulk, saving time and money in the sampling process.
- Get pricing sorted early on. With prices in hand, you'll be able to estimate landed costs, helping you calculate retail prices and profit margins.
- Aim for at least a 3.5X markup on wholesale prices. For example, bikini bottom that cost \$20 wholesale often retail for \$99, and bikini tops or bikini bottoms at \$13, typically retail sell for \$75.

The woman on the left is wearing a red bikini, the woman in the middle is wearing a dark brown one-piece swimsuit with cutouts, and the woman on the right is wearing a blue bikini. The left side of the image has a solid magenta overlay containing text.

Accessorizing

We encourage brand owners to accessorize their pieces, carefully matching each accessory to the fabric’s color or print. Well-chosen accessories give any collection and amazing premium look, increasing its value, driving more sales with higher profit margins.

A classic example is a black bikini with a silver heat press and metal accents like bikini clips in rose gold—one elevating the other.

Adding custom metal charms is a popular option requested by many clients. Metalwork requires a mould with a one-time cost of 170 USD. Since Bali accessories are low quality we import from manufacturers who produce for brands such as Lululemon and Frankie’s Bikinis.

For any type of accessory other than what we offer, then we suggest to search [alibaba.com](https://www.alibaba.com).

Custom Branding

Adding custom-branded logos to any collection enhances the entire line. Well-coordinated branding makes your brand more recognizable, helping you command higher prices, drive more sales, and secure larger reorders. Strong branding supports business growth and reinforces your brand identity, building long-term customer loyalty.

We apply logos across various elements, including heat presses on the inside back of each piece, hygienic liners, metal bikini fasteners, packaging, and more. These finishing touches give your swimwear a premium feel and deliver that WOW factor when orders are unpacked, adding real value to your collection and increasing profits.

Since branded accessories are required before production, we recommend organizing them during the sampling phase to prevent delays.

Artwork

Artwork must be supplied in Vector format, such as EPS, PDF, CDR, or SVG, in high resolution and to scale. You can send your artwork, layouts, prints, etc, via our [Tick Box Form](#) or, if you prefer, via [email](#) or [WhatsApp](#). We’ll contact you once we receive it.

Need help? Our expert graphics team can assist with logos and layouts, often free of charge.

MOQ's

The minimum order is 300 pieces per purchase order:

- 30 pieces per design
- 3 pieces per size and colour
- Any combination of colours and sizes you prefer

For example, you can order 4 bikini tops & bottoms, and two one piece swimmers 30 pieces each in mixed colours & sizes.

You can also mix swimwear with activewear, silk, or lace. Contact us to explore your options.

Note: Our charge for 300 units will only purchase 200 units with any other Bali swimwear manufacturer.

Top-Ups

After your initial MOQ of 300 pieces, some items might sell faster, leading to SOLD-OUT on your site. To restock, we offer A flexible top-up system.

MOQ:

- 144 pieces total
- 36 pieces per style
- 6 pieces per colour and size

Example: Two bikini top-and-bottom sets, 36 per style, totaling 144 pieces.

Conditions: Top-ups must use existing styles and colours in stock.

A woman with long, dark, wet hair is posing on a sandy beach. She is wearing a white, strapless, one-piece swimsuit with a cutout at the waist. She is leaning back on her elbows, which are planted in the sand, with her legs bent and feet in the shallow water. The background is a calm blue ocean under bright sunlight. The text "SWIMWEAR BALI" is overlaid in the center of the image.
